Meh. useless gear. the meteor just killed me. Never use them again.. Meh. useless gear. the meteor just killed me. Never use them again.. Neat stuff.. Neat stuff.. Can't recommend, it was so buggy I wasn't able to play it despite trying for 3h. If you must go for it, watch the refund counter.. Trust me these wizards need a kit to know how to survive, they havent graduated yet.. Mateors everywhere, awesome hat of awesomeness and that magnificent staff that adds an astonishing bonus of +1 dmg to all your spells! 666/10!! I bought it for the hat.. This is The Best DLC EVER You Get To Play As GANDALF !!! :D
